Not everyone qualifies to apply for credit card services due to the inability to meet the minimum requirements to apply for such cards. And if you are searching for one of the best alternatives for credit cards, perhaps you should take a look at the prepaid credit cards which are offered by PreCash. In fact, PreCash, Inc., is one of the top providers for prepaid credit cards in the industry. The company has been operating since 1998, and has provided excellent prepaid credit card services for consumers in the market. Generally, the prepaid credit card services which are offered by PreCash offers consumers 3 pricing options and can be considered as one of the most flexible options in the market.

According to PreCash Chairman and CEO John Chaney, he mentioned that the company strives to provide consumers one of the most viable alternatives to conventional credit cards in the market, simply by providing extended flexibility and control to consumers. Also, John Chaney added that no other industry player has offered similar services in the market, and consumers are beginning to realize that prepaid credit cards are one of the best substitutes for everyday payment needs. John Chaney even mentioned that their Vision Platinum Card gives card users an advantage over other payment options, as this particular card is designed to reward card users with several benefits, such as free transaction fees. On the other hand, PreCash also have cards that can meet other user requirements, which supports the company's objective of providing users choice and control.

Generally, there are three pricing plans under PreCash's prepaid credit card options, and these consist of the Vision Platinum Visa Prepaid Card, Vision Premier Visa Prepaid Card, and Vision Preferred Visa Prepaid card. Each of these solutions has its own benefits. For example, the Vision Platinum Visa Prepaid Card is perfect for consumers who do more than \$1,000 worth of transaction per month. This particular prepaid card also comes with free PIN transactions and ATM usages. The Vision Premier Visa Prepaid Card on the other hand, is tailored for consumers with less than \$1,000 worth of transaction, but provides the benefits of direct deposit. And finally, the Vision Preferred Visa Prepaid card is perfect for consumers that like to reload their prepaid card at leading retail locations.

Basically, these prepaid cards offer several benefits, such as giving users transaction fee-free advantages, can be used anywhere that accepts Visa transactions, as well as providing consumers with the flexibility of changing plans whenever they want to. Do take note that these Vision Visa Prepaid Cards are issued by The Bancorp Bank, which is a pursuant to a license from Visa U.S.A. Inc.
